

Calgary Sports Car Club

Summer Rally Test Day – Aug 27 2017

General Information and Supplementary Regulations

Welcome to the Summer Test Day of the 2017 CSCC stage rally season. Below and attached you will find some basic information to attend the event and have a safe, fun day.

Venue

The test session will use the South Loop of Jumping Pound Forest Demonstration Loop, running west to east (map attached).

Directions

Attached are printouts with directions to the site from the intersection of Highway 1 and Highway 22 (the Petro-Canada at the Bragg Creek/Cochrane turnoff). This is about 30 minutes west of downtown Calgary, following 16th Ave NW/Trans-Canada Highway 1.

Type of Event

This is a rally car test day. The test day will be run following the principles of the CARS National Rallysprint Regulations. Unofficial timing may be available, but there will be no scoring of the event.

The Test Day will be limited to a maximum of 16 participating cars. Drivers are expected to participate in volunteer ride-alongs. Drivers will be assigned volunteers at the drivers meeting, and are responsible for carrying out the ride-along at a time of their choosing. There will be a stoppage for lunch.

Start order is always first come first served and more than one car will be permitted to be on stage at one time. The start line will have automatic start sequencing and marshals will be posted to stop the countdown if required.

Jurisdiction

This event is not part of any championship. The event is run by the Calgary Sports Car Club and insured and sanctioned by CARS and ASN Canada FIA.

Registration and Entry Fees

Registration per car in advance is required and is first-come first-served. Register by using the form at <https://www.rallywest.com/signup/competitor/SummerRallyTestDay>. Entry fees are \$250 for CSCC members as well as members of CARS affiliated clubs (proof of current membership will be required prior to registration confirmation), or \$350 for non-members. No registrations will be accepted on site.

Entry fees may be paid in one of the following ways: Interac E-Transfer (preferred method) to amandasrallyemail@gmail.com with the security question answer being "WinterTest", or cheque payable to the Calgary Sports Car Club at sign-in on the day of the event. **Cash is no longer accepted.**

Schedule

8:00-9:15 – Open recce (Cars rules apply, expect two-way traffic and speed max is 50 km/hr.

9:00 – Volunteer Meeting at Y-junction between service and start line.

9:15 – Mandatory driver's meeting at Y-junction between service and start line. If a participant misses this meeting, they will need to track down the organizer for a briefing prior to running.

9:30 – First car starts

12:00-13:00 – Shutdown for lunch

17:30 – Last car starts

When you are done for the day, please advise one of our officials that you are leaving and clean up your service area of all garbage.

Eligibility

Participants - The following documents, valid on the day of the event, and equipment must be presented at sign-in:

- a) Driver's license for the driver(s) of the rally test vehicle
- b) Vehicle registration
- c) Liability insurance for the entered vehicle
- d) If the owner of the vehicle is neither the driver or co-driver, written authorization from the owner of the vehicle
- e) Any participant (driver or co-driver) under the age of majority shall present a signed Parental Consent Form and signed Minor Waiver Form
- f) Helmets and Frontal Head Restraint systems conforming to CARS NRR 11.1.6 and NRR 11.1.7 respectively must be worn by all drivers, co-drivers, and guests being given rides.
- g) Driving suits conforming to NRR 11.1.8 are recommended, but not required.

Vehicles – The following requirements are mandatory:

- a) Vehicles must be based on a production, closed body and chassis to participate.
- b) All participating vehicles must be roadworthy and the following items must be adequate and functioning properly: all brakes, horn, windshield wipers, all legally required exterior lights, tires (including spares) and exhaust system.
- c) Fuel system, and towing eyes must comply with CARS NRR 12.3.11 and NRR 12.3.13 respectively.
- d) All loose items in the vehicle must be fastened securely (including items in the trunk)
- e) Additional items required in vehicles:
 - (1) Fire extinguishers conforming to NRR 12.3.4.
 - (2) First aid kit conforming to NRR 12.3.5.
 - (3) Triangles conforming to NRR 12.3.6, at least one must be easily accessible to the occupants.
 - (4) Tow rope conforming to NRR 12.3.16.
 - (5) Spill kit conforming to NRR 12.3.24.
- f) Safety equipment conforming to NRR 12.3.2 to 12.3.9.
- g) Mechanical condition and safety of the vehicle is the responsibility of the entrant.

Servicing

All servicing must be done on a tarp and in the designated area. Fuelling will be at the participant's discretion and teams are responsible for cleaning up their own spills and removing all garbage. Teams are required to bring spill absorbents with them as well as fire extinguishers if they plan on refuelling.

Due to current fire risks, servicing in the clearing will not be available. Servicing along the west side of the road is permitted. Please ensure there is enough space for vehicles to pass.

Emergency Services

There will be a fire truck, medics and a mobile treatment centre on site, but NO heavy sweep vehicle at this event. This is a Test Day and we expect all teams will drive accordingly and safely.

Waivers

All persons at the test site MUST sign the standard waiver and wear wristbands. In addition, anyone bringing minors must bring completed minor waiver forms as needed. They are available from the CARS website.

Behaviour & Penalties

This Test Day has been arranged so the participant can test the car in a legal manner. Spirited testing of the car or speeding on the transit between the finish and service area, especially on Hwy 68, will not be tolerated. Upon witnessing this behaviour or being reported by the public, the participant will be either warned or be advised their day is done by the organizer.

Volunteers

If you can provide extra bodies for volunteers, please have them sign up in advance of the event or contact the organizer.

Communications

Cell coverage at the test site is spotty to non-existent at best. Teams are encouraged to bring ham radios (if licensed) and/or FRS radios to test day. Operational communications frequencies on amateur and FRS bands will be communicated at the drivers meeting. It is expected the ham network will operate on 146.550 (simplex)
