

2018 Rocky Mountain Rally

Competitor Bulletin 4

Issued May 26, 2018

B4-1 – Class Change

Following technical inspection, Car 19 has been moved to O4WD

B4-2 – RallySafe Installation

Teams that do not have RallySafe units installed before the end of Parc Exposé, will not be allowed to continue in the event. We will be looking for cars missing units and will complete installations either before the first control, or at Parc Exposé.
