CAR # 31

First Forster SSA

approx last 3km of Forster
was prompted 3 times for
overtake by Rally Safe,
would pull over when able
but car behind # (26) would
slow down and not pass.

Twice we were prompted if
we were in hazard as we
fully stopped and slowed

significantly the third
but the car behind
(26) ~~didn't~~
catch up to pass
until the 3rd time.
