

## Competitor Bulletin 3 – October 23, 2018

### **3.1 Recce Hours:**

Art.4 of the supplementary regulations is changed as follows:

Saturday, October 27, 2018

0900 to 1100 Registration and Technical Inspection

1200 to 1600 Recce.

Recce hours indicate the first car to enter the first stage and the last car to enter the last stage. All teams should be able to complete recce well within these times. If you intend on doing only one pass of a stage, please inform the start and/or finish marshals on that stage.

### **3.2 Industry Traffic:**

This is a reminder that you should expect industry traffic on the stage roads during recce.

In particular, the section of road between the end of the Forest Loop stage and Hwy 68 will see regular semi-truck traffic. It is imperative that you stay on the same side of the road and drive with due caution both during recce and during the event. We are **LIKELY** to place a radar control in this area to also monitor driving behaviour.
