Please accept this notice in reference to a navigational touring event that has been put together by the Calgary Sports Car Club (CSCC). This event will use roads on/between Hwy 40 and Hwy 2, and Hwy 567 to Hwy 580; from approximately 14:00 hours to 20:30 hours on November 10th. We expect approx 15 cars to enter the event and will use another 7 vehicles to observe and keep track of the event.

This is an annual event with timed sections and transit sections which allow us to set and control the speeds. The regulations and our insurance mandate that speeds are always 10% minimum below the posted speed limit at all times. We (CSCC marshals) will be out monitoring the progress of the competitors at various hidden locations to ensure that everyone is correctly following the rules that have been set up for this event. All public roads will be open to traffic and we are NOT requesting the closure of subject roads for this event. All event vehicles are equipped with first aid kits and fire extinguishers and a handful of licensed amateurs will be monitoring local repeaters or simplex during the event.

Note that our route book has been set up to avoid areas of high traffic congestion and speeding by any entrant is not tolerated. Normal flow of traffic will not be interrupted by this event and the roads consist of approx. 60% gravel and 40% paved surfaces. All entrants will be informed of the rules regarding no garbage left behind, noise, etc. prior to the start of this event.

It is the intention of the CSCC to have a successful event in cooperation with the RCMP. If you have any questions pertaining to this matter, please contact me by email (pete.chadwick@csc.ab.ca or by cellphone (403) 978-2072. Thank you for your time.
