1.2 Arrival for Tech Inspection

Upon arrival to Griffin Industrial Point, in order to avoid congestion at Cochrane Image Autobody, and to improve conditions for tech inspection and parc expose, all rally cars will be required to park in the parking lot at Half Hitch Brewing Company, located at 10 Griffin Industrial Point, Cochrane.

1.3 Changes to Article 22 in Supplementary Regulations

Article 22 should read as follows:

A Parc Expose is included on Saturday Oct 26 during a portion of registration/tech, to boost the exposure of rally sport with the public. Parc Expose is considered mandatory and any team with a car not in Parc Expose by 1100 will be subject to a \$50 penalty. Teams that are unable to attend at 1100 need to contact the organizer at (403) 605-0420 by 5:00pm, October 25.

Location of Parc Expose will be in the main parking lot at Half Hitch Brewing Company, across the street from Cochrane Image Auto Body, look for marshals upon arrival. Cars can be removed from Parc Expose for technical inspection in reverse seed order when called in. Once completed tech inspection, cars will be required to re-enter Parc Expose until finished. The restaurant at Half Hitch will be open for the beginning of parc expose.

1.4 Stage Schedule:

The Stage Schedule is attached to this document.

1.5 RallySafe

All teams are requested to watch the new RallySafe general training video that can be found at <https://youtu.be/tMHMgOE7XUk>

This video reviews the start control procedures that will be used at Kananaskis and may be new to some. (They were used at PFR)

Teams who are installing a temporary fitting kit should watch the following video: <https://youtu.be/j4SvlecZvlo>

This reviews the installation process.

Teams will be given the appropriate installation kit needed and their rallySafe unit at tech inspection and it MUST be installed and powered on before leaving for the service park Sunday morning. RallyCars parked inside overnight are advised to unplug the RallySafe unit.

Teams are asked to help with removing the unit and installation kit either at the end of the event or after DNFin.
