

## Competitor Bulletin 3 – November 7, 2025

### Service Park

We have been asked if the teams can move into the Service Park on Saturday. Unfortunately, this area is a day use only area. We have authorization from Alberta Parks and Forestry to move in at 7am on Sunday, which why we have stipulated that time. If you arrive before 7am, please line up on HWY 68 to make room for volunteers checking in for the day.

Moving into the service area at any time before Sunday at 7am (after having been denied permission by event officials in the Supplementary Regulations and this bulletin) will be considered to be a "failure to obey directions or orders of Event or CARS officials" GCR 7.1 f) and will be dealt with by the Steward with a fine (GCR 7.4 b) ) upwards of \$2500 (GCR 7.5) and/or exclusion from the event (GCR 7.4 d) ).

Thank you for your understanding.

There are a few teams with large rigs. If they are there at 7am, we will move them into position first. We have had a couple late withdrawals, which means there will be a bit more room than we anticipated.

Reserved service spots: A, B, C, D, I, J, L, M, N, O, P, S, T, U, V

Unreserved spots: E, F, G, H, K, Q, R
